KWHL CHART

Guidelines: This chart will help you gather necessary information, solve a problem, or think through a research topic. You are free to insert any relevant notes, calculations, and ideas. Try to avoid complete sentences. Answer the questions below first, and then make sure your notes in the chart help you get to the essence of the problem.

1. What is the topic, problem, or research question that you have to address?

_____

2. What do you need to prove, support, or find out about it? What's your ultimate goal?

_____

What I **K**now	What I **W**ant to Know or Solve	**H**ow I Will Find the Information	What I **L**earned
